3D Tech Festival Event Summary

*This is an individual assignment.

Specifics:

Attend live or watch recordings from the 2022 3D Tech Festival presented by Alvanon and Motif and complete the following steps:

1. Register for the event and find one presentation that aligns with the project prompt – diversity & inclusion, technology, 3D, sizing and fit, etc.
2. Write a summary of the event including the title of the talk, the speaker's name, and the represented company. Summarize the key points of the talk. Each summary should be between 250-300 words.

Competencies: 1) task management and completion
